# CANOPUS® GLOSS CONDITIONER

LONG-LASTING EXTREME GLOSS + HIGH DETANGLING POWER

Net content: 500 and 1000 mL

#### INDICATIONS:

Equestrian line. For hair, mane and tail.

This is the ideal product to give your horse's hair, mane and tail an intense and long-lasting shine. It is an excellent detangler, reducing static and providing maximum protection for a whole week. It saves hours of grooming. Being NON-oily, it produces a non-greasy shine that helps repel dust and dirt.

**NON-TOXIC, SAFE AND RELIABLE. DERMATOLOGICALLY TESTED**

#### USAGE:

SHAKE WELL BEFORE USING. Spray a little amount on small areas at a time, working with the palm of the hand or a brush. Apply on the tail and mane, brushing well. Allow it to dry completely. There is no need to add any other grooming product.

For extreme shine, wash first with Canopus Conditioning Shampoo.

Approximate usage dose: Between 25 and 75 mL

**IMPORTANT: DO NOT USE ON THE SADDLE AREA**

#### CAUTION:

EXTERNAL USE.

Keep out of the reach of children and pets.

Used products must be discarded in accordance with current local legislation.

Storage: Between 5° and 30° C.

**To be sold without a prescription at retail stores under licensed veterinarian supervision.**

In the event of accidental poisoning attend the nearest poison control center.

# CANOPUS® SHAMPOO

TRIPLE ACTION + UV SUNSCREEN

Net content: 1000 mL

#### INDICATIONS:

Equestrian line. Cleans, conditions, protects.

It deeply washes and conditions each hair fiber, reducing static. It possesses a highly conditioning formula and an effective UV sunscreen that enhances and helps maintain your horse's natural color, leaving the hair clean, soft, protected and with a subtle apple scent.

**DERMATOLOGICALLY TESTED.**

#### USAGE:

Wet the horse's hair thoroughly. Apply CANOPUS SHAMPOO directly on a sponge soaked in water, or pour between 60 and 100 grams in a bucket. Add 4 to 5 liters of running water to create a rich foam. Apply first to the mane and tail, then to the rest of the coat, washing and rinsing by sections with plenty of water. Remove excess water. Finish your horse's grooming using CANOPUS Conditioning Shine for an amazing result.

Approximate usage dose: Between 60 and 100 ml

#### CAUTION:

EXTERNAL USE. Keep out of reach of children and pets.

Used containers must be discarded in accordance with current local legislation.

**To be sold without a prescription at retail stores under licensed veterinarian supervision.**

In the event of accidental poisoning attend the nearest poison control center.

Storage: Between 5° and 30° C.

# CANOPUS® INSECT REPELLENT

EFFECTIVE AT REPELLING STABLE FLIES, MOSQUITOES, GNATS AND HORSEFLIES

Net content: 500 and 1000 mL

## INDICATIONS:

CANOPUS REPELLENT VETERINARY PRODUCT is especially indicated to keep away annoying insects such as flies, mosquitoes, stable flies, midges and horseflies from sport horses.

## DOSAGE AND ADMINISTRATION:

Apply directly on the animal's hair, spraying the coat until it is fully covered.

Apply every 4 hours in the presence of insects.

It may be repeated before the stipulated time if the animal begins to sweat.

## CAUTION:

If it occasionally irritates the skin, suspend its administration.

Do not apply on the eye and mouth area.

## POSSIBLE SIDE EFFECTS:

It may cause skin irritation. Suspend the application in this case.

To be sold without a prescription at retail stores under licensed Veterinarian supervision.

Keep out of the reach of children and pets.

Used containers must be discarded in accordance with current local legislation.

In the event of accidental poisoning attend the nearest poison control center.

Storage: Between 5° and 25° C and sheltered from light.
